The new spacious integrated cab b Luxury &

NEW INTEGRATED CAB DESIGN

The B50 Series are the only tractors in their class to employ an integrated cab. The cab and overfenders are integrally welded to the body's sheet metal parts which allow for a 4-pillar construction, with rounded glass, that delivers more cab space and a wider field of view. The integrated design also eliminates holes in the floor for the pedals for an environment that minimises noise and unwanted dust from entering the cab, for greater comfort.

rings more pleasure to any job.

Comfort

REAR WINDOW VENT POSITION

The cleverly devised rear window half-lock opens just enough for fresh air ventilation while minimising grass, hay and dust entering the cab. It is also useful when talking to people from inside the cab even with the doors closed.

SPACIOUS & QUIET CAB

The B50 series brings maximum comfort to the operator thanks to the new integrated cab. The 4-pillar design with rounded glass offers more space and panoramic views of your surroundings. Doors open wide for easier entry and exit from the cab. Comfort is also enhanced through better noise insulation for a quieter interior. The interior includes a storage compartment, cup holder, a pocket for an operator's manual and tool box.

DUST-RESISTANT CAB

Keep your cab clean and almost dust-free, even after long hours of work. The new integrated cab moves the pedal connections from the floor to the steering column to eliminate any holes in floor. The cab is constructed to minimise unwanted dust from entering inside.

More space and extra visibility mix

ERGONOMIC CAB DESIGN

The B50 cab is designed for comfortable operation and usability. All levers, controls and compartments have been carefully laid out for the best ease of use and accessibility.

- A. LOADER LEVER**
- B. CRUISE CONTROL LEVER**
- C. 3-PT CONTROL LEVER**
- D. PTO SELECTION LEVER**
- E. PTO ON/OFF LEVER**
- F. GEAR SHIFT RANGE LEVER**
- G. 4WD ON/OFF LEVER**

practicality with comfort.

12V SOCKET & STORAGE COMPARTMENT

Charge your mobile phone or electric devices with the 12-volt socket next to the storage compartment. And make it readily accessible by placing it in the handy storage compartment above the steering wheel while charging.

DEFOGGER

Standard equipped defogger enhances rear visibility when needed.

AIR CONDITIONING

With the rounded cab and strategically placed air outlets that optimise air circulation, the air conditioner keeps you cooler on hot days and the heater keeps you warmer on cold days.

Other Standard Equipment for Cab:

- Speakers
- Interior light

A. FRONT STORAGE COMPARTMENT

B. FRONT WIPER

C. HANGER

D. CUP HOLDER

E. STORAGE COMPARTMENT

Cab Options:

- Halogen rear work lights
