all it takes!

Concrete compaction with more comfort: The IRSEN series

The high-frequency internal vibrators of Wacker Neuson's IRSEN series come with a practical low vibration handle, providing high operating comfort. The handle is ergonomically formed, smooth running (low-vibration) and very popular for the compaction of concrete floors or ceilings. Like all of Wacker Neuson's internal vibrators, the IRSEN models are high-quality products and feature a number of details:

- High-performance electric motor with stable speeds
- The electric motor has been developed by us according to the highest quality standards: Made in Germany
- Integrated thermal overload protection breaker
- The induction-hardened vibrator head ensures high wear resistance
- No special tools are required for changing the vibrator head

IRSEN Technical specifications

	IRSEN30	IRSEN38	IRSEN45	IRSEN58*
Diameter of the vibrator head mm	30	38	45	58
Length of the vibrator head mm	353	345	382	400
Weight of the vibrator head kg	1.4	2.2	3.5	5.8
Operating weight kg	5.1	5.9	7.2	11.2
